Dear Sir / Madam,

On Sunday 3 March 2024, the TTP Cambridge Half Marathon takes its place in Cambridge's annual events calendar. The event, now in its 13th year, will see 12,000+ runners taking to the streets of Cambridge, visiting four iconic Colleges along the way.

The aim of this letter is to:

- Inform you of the road closures that will be in place on the day
- Provide you with some specific information regarding the roads surrounding your property
- Direct you, via the QR code on the front cover, to a comprehensive Traffic Information Document

As in previous years, the event will start and finish on Victoria Avenue, with Midsummer Common acting as the 'event village'. Certain access points through the Common will be restricted in the days leading up to and during the event, to allow delivery vehicles to come onto/leave the Common safely. The running route itself can be viewed at www.cambridgehalfmarathon.com or by scanning the QR code.

On Elizabeth Way/Milton Road, the runners will be using the Bus Lane and then the north-bound side of the road on the single carriageway section. This means that no vehicles will be able to exit from or gain entry to Cutter Ferry Close between 08:00 and 11:30.

Likewise, between 08:00 and 11:30, vehicles exiting from Chesterton High Street will only be permitted to turn left, onto Elizabeth Way. Those looking to head west should follow our diversion route via King's Hedges Road / Histon Road, which can be found in our Traffic Guide (scan the QR on the front cover to see the document).

After 11:30, Elizabeth Way/Milton Road will fully reopen for normal use in both directions.

We are very aware of the ongoing road works on and around Milton Road and are in regular contact with the contractor to see what stage they will be at, come March 3. Following our most recent consultation with the contractor and the highways department, for 2024 only, there will be an additional closure in place on Milton Road in an East-bound direction between Gilbert Road and Highworth Avenue A1134 roundabout, as listed on the back cover. We appreciate you are already dealing with a significant level of disruption, so would like to apologise for contributing to this.

Please note that road closures apply to both vehicles and cycles, but pavements in the area will remain open throughout the event, except for small sections on Victoria Avenue and Jesus Lane.

We thank you for your support of this event which will be enjoyed by many Cambridgeshire residents and raise funds for multiple charities.

Kind Regards,

OSB Events, organisers of the TTP Cambridge Half Marathon
