

DRINK STATIONS & LITTER DROPS

There will be 4 drink stations based on the course (distances in table below). All drink stations will offer water in recyclable cups and High5 Aqua Gels (orange & berry flavours). In addition, at Drink Stations 2 & 3, if you have chosen to be self-sufficient and are carrying your own bottle there will be fill up points at these two locations.

In order to keep the city tidy we will be implementing set litter drops between the water stations, which will mean that there will be 4 opportunities to drop your recyclable cups and gel wrappers in the recycling bins provided at the side of the course.

DRINK STATIONS & LITTER DROPS

The Drink Station and Litter Drop locations are outlined below.
You will also find on course toilets and litter drops at all of the Drink Stations.
