Dear Sir / Madam,

On Sunday 9 March 2025, the TTP Cambridge Half Marathon takes its place in Cambridge's annual events calendar. The event, now in its 14th year, will see 12,000+ runners taking to the streets of Cambridge, visiting four iconic Colleges along the way.

The aim of this letter is to:

- Inform you of the road closures that will be in place on the day
- Provide you with some specific information regarding the roads surrounding your property
- Direct you, via the QR code on the front cover, to a comprehensive Traffic Information Document

As in previous years, the event will start and finish on Victoria Avenue, with Midsummer Common acting as the 'event village'. Certain access points through the Common will be restricted in the days leading up to and during the event, to allow delivery vehicles to come onto/leave the Common safely. The running route itself can be viewed at www.cambridgehalfmarathon.com or by scanning the QR code.

Between 08:00 and 14:00, on Trumpington Road from the Maris Lane (Trumpington) junction through to Lensfield Road, vehicles & cycles will only be able to travel in a northbound direction (i.e. into the city). There will be no southbound access during this time. A diversion will be signed via Hills Road.

The runners will be on the inbound carriageway, therefore vehicles / cycles will be filtered onto the opposite side of the road (so travelling northbound on the usual outbound carriageway). It is vital that no vehicles / cycles attempt to travel southbound on Trumpington Road whilst the contraflow is in operation.

Any vehicles or cycles leaving properties and roads on the west side of Trumpington Road (e.g. Latham Road) will be required to turn left. As this will be across the path of the runners, you will only be able to do so when our stewards deem it to be safe. We expect this to be very difficult between 10:15 and 13:15, so we recommend planning your journey to exit before 10:00 or after 14:00 when the road reopens for normal use. Similarly, whilst the contra flow is in operation, accessing properties / roads on the West side will be crossing the runners and so movements have to be stewarded.

Any vehicles / cycles looking to exit from properties / roads on the east side of Trumpington Road (e.g. Long Road) will only be able to turn right and approach from the left whilst the contraflow is in operation. If you are looking to exit the City we highly recommend using Hills Road as you will not be able to exit via Trumpington Road. Cycle lanes off the carriageway will remain open for normal use.

As organisers we appreciate that the road closures may cause inconvenience, for which we apologise. We thank you for your support of this event which will be enjoyed by many Cambridgeshire residents and raise much needed funds for multiple charities.

Kind Regards,

**Wasserman Mass Participation,
organisers of the TTP Cambridge Half Marathon**
